

# HELP THE FIRE UTILITY BOAT, MARINE 27, CROSS THE FINISH LINE

We are so close to having this important life-saving asset for the community. The boat needs about \$15,000 to make the outboard motors operational and \$4,000 to cover the cockpit and protect people from the weather.

This is the most supported community project in recent history with other \$24,000 of cash and equipment given.

**THANK YOU!!**

THE BOAT IS NEARLY FULLY EQUIPPED AND 90% OF THE WORK IS DONE.

## A Challenge Matching Fund-Raiser

A FAMILY HAS COME FORWARD WITH A CHALLENGE: FOR EVERY DOLLAR DONATED TO THE FIRE AUXILIARY FOR MARINE 27 BETWEEN NOVEMBER 15 AND UNTIL DECEMBER 31, THEY WILL MATCH IT.

If the community can donate \$7,500, the project will have \$15,000. Several thousand dollars has been received. Join the community members who have made this project happen and DOUBLE the impact of your donation that will make this boat operational.

USE THE QR CODE ABOVE TO DONATE TO THE FIRE AUXILIARY OR DROP OFF A CHECK AT THE OFFICE.
